Sir,

The Commissariat meat contractor has represented to the Chief Commissariat Officer of the Bang District that in consequence of the plague scare villagers do not bring cattle to the local market for sale as usual and that it has become necessary for him, in order to meet the requirements of the Commissaria Department to send out Agents int the districts to purchase cattle. These agents have reported that in consequence of their having

having come from Bangalore; they are frequently detained by the plague authorities and prevented by the local police from attending the fairs at which cattle are sold and the contractor has consequently asked for certificates or passes which will enable his men to travel to and from the different fairs freely and without molestation.

Attached is a memorandum showing (1) the fairs which have to be visited (2) the days of the week on which the fairs are held and (3) the names of the Agents who have to visit the fairs. It will be seen that with the exception of Thillamangalam and Hosur all the places are situate in Mysore territory and what is desired is a pass enabling the various agents to visit the fairs opposite their names without fear of detention or molestation unless of course they are found to

to be suffering or suspected to be suffering from the plague.

3. It is not proposed that the plague rules be relaxed in favour of either the Contractor or his Agents. They will be medically examined at every inspection station they pass and from the 1st October next they will not be allowed to leave Bangalore by rail without either a disinfection certificate or a certificate of exemption from disinfection but the Resident considers that every facility should be afforded them to visit the fairs in the Mysore State named in the Memorandum and he will be obliged if you will kindly arrange to grant the Agents "general passes" copies of which might be sent to the District Officers concerned. Respected Sir.

I received on the afternoon of the 6th Instant, the Plague Commr's order No. 3456 dated 5th Idem, with your remarks directing me to enquire into the complaint of Mahomed Ali, Commissariat contractor about the alleged misconduct of the Potail of Yelhanka

2. I immediately proceeded to Yelhanka and sent for the Complainant who did not turn up although I waited for him till yesterday morning. and he even

even failed to appear today in obedience to the notice served upon him.

3. Owing to the incessant rain, there was no weekly market at yelhunka on Sunday the 6th Instant.

4. I examined some of the inhabitants of yelhunka who attended the Shandy on the 30th Ultimo. From their statements (enclosed), it will be observed that the Rotail of that place did not disperse the bullocks &c, brought for sale, as alleged by Mahomed Ali.

5. Some of the villagers of yelhunka, admit that they remonstrated with those who had come to the Shandy, not to have infected cattle near the village gate.

because the infection might spread cattle disease there.

6. The leading inhabitants of that place represented that during the present plague season no stranger is allowed to go into yelhunka unless he is placed in quarantine for 10 days outside the village, as expressed by the Senior Surgeon and Sanitary Commissioner whose endorsement is herewith submitted. The townspeople seem to enforce this rule literally at present.

7. The Patail and the Police men (in their explanations (attached) state that the owners of bullock were not molested by them.

I was at yelhunka on the 30th Ultimo and the Patail & the local Police

officers were present with me during the whole day.

8. If these officials had really interfered with the sale of cattle, the contractor could have very easily complained to me, as I was holding my office in the Traveller's bungalow quite close to the weekly market. The contractor or his agent never came to me on that day.

9. I have notified to the surrounding villagers that they can freely bring and sell their cattle on the high ground near the Yelhanka police station on every Sunday and I will see that the contractor and his men are given reasonable help in the purchase of cattle.

10. The Plague Commr's order and its enclosure are herewith returned.

Most Respected Sirs,

We, the undersigned Municipal Commissioners and all the inhabitants of the Yelahanka town, beg leave to bring the following few lines to your Honour's Gracious Consideration with the full trust that our humble prayer may be crowned with an early success.

We beg to state that the Local Fund Dispensary at Yelahanka has been closed and the Hospital assistant has been directed to proceed to Bangalore. The place Yelahanka consists of a population of 3000 people and the place is connected from Bangalore and Guntakal by Rail-way. A good many passengers from Bangalore and other Plague infected places alight at this Station

and in addition to this, many people from Bangalore have been resorting to this place and the surrounding villages on account of the Plague panic at Bangalore. Lately, two cases of plague occurred here, which proved fatal. A good lot of people have been coming here from Bangalore and consequently we are much afraid that Plague may be imported to this place and if cases were to occur, there will be none here to take the necessary precautions. Furthers, the people of the place will be put into much inconvenience and hardship for Medical help. Under these circumstances we unanimously earnestly beseech that the Hospital assistant, Mr. Adiappa, may be retained as usual, here alone.

For which act of Kindness and generosity, we humbly pray for your Honour's long-life and prosperity. awaiting early orders,

Sir,

I most respectfully beg to bring to yo notice that owing to the ravages of the Plague here, ryots from the District & the surroun -ing villages neither come here nor ser or allow their men to bring their Carts into Town. These villagers have formed a ring amongst themselves (the influential ones) and prevent, under pain of excom -munication or outcasting their poorer classmen from going into Town or fro helping us in any way: Consequently we cannot get our supplies from the Distt nor can we go into their villages freely as heretofore — tho' we possess pass & Exemption Certificates &c — neither can we get our usual Cartmen to Convey to us the fowls, chickens & eggs which we with utmost difficulty procure in the "Fairs" at Hoskotta, Chickballapur, Kola Chintamani &c for the Deptt.

I am therefore afraid to go into their villages, despite the large advance made to them & despite the Contract-bon executed by Cart-holders (hirelings) to me, lest I be treated & stoned to death like the Thasildar (Taluk Magistrate) of of Kindipur recently (Vide Madras Times of the 28th ult.) wh incident has instilled fear & terror into me & my agents & Scou

Pensacola, le 18 Dec. 1861

Mon cher Edmond,

Je suis heureux de te savoir à Pensacola. Tu as bien fait de quitter la Nouvelle-Orléans. Tu auras pu voir combien la ville est triste depuis le départ de la flotte française. Il ne reste plus que quelques navires anglais et espagnols. Tous les Français sont partis. Ceux qui sont restés sont ceux qui ont des affaires importantes à régler. Ils ne peuvent pas quitter la Nouvelle-Orléans sans perdre une grande partie de leur fortune. Ils sont donc forcés de rester. Ils ne sont pas heureux, car ils ne peuvent pas aller à leurs affaires. Ils ne peuvent pas recevoir de lettres de France. Ils ne peuvent pas écrire. Ils ne peuvent pas recevoir d'argent. Ils ne peuvent pas en envoyer. Ils ne peuvent pas quitter la Nouvelle-Orléans.

Further, it is next to impossible to
secure any chickens or eggs for the Dept.
requirements in the local markets. The
few eggs (sound or unsound) reserved
by the "knowing-ones" are being sold
@ annas 2/- per 3 eggs even 2 only; these
these are difficult to obtain.

To verify the above facts I invite
a reference to the local Municipality
— whose conservancy carts are absent
for the past week or more — and to
the Collector.

If you do not, Sir, step forward

To,

The Plague Commissioner
in Mysore.

Sir,

With reference to your No. 8820 of the 4th April 1899, I have the honor to state that thousands of carts laden with goods come into Bangalore daily, and as far as I am aware, no restriction of any sort is placed on the movement of such carts. The grain bazaar in the city is literally blocked with carts coming from the Mofussil.

2. If the Chief Commissariat officer provides cartmen with the written authority referred to in para 2 of his letter,

Chief Mysore Officer, Bangalore
City, where opinion had
been called for on the

subject. All the time
officers appear to agree
in thinking that if the
Centmen are actually
suffering from plague,
or suspicious symptoms
they should be detained.
& that meanwhile they
may be allowed under
the present regulations
to pass without molestation
under cover of general
passes signed by the
